

## Springer Healthcare is the EXCLUSIVE WORLDWIDE vendor for the American Society of Hematology (ASH) for both reprints and ePrints

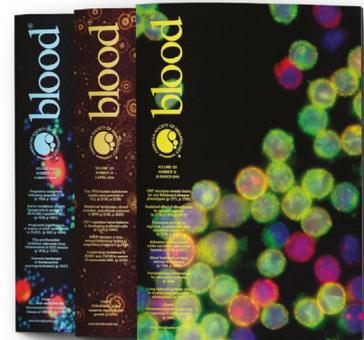

ASH is the world's largest professional society serving clinicians and scientists around the world who are working to conquer blood diseases, with more than 15,000 members.

*Blood* is a weekly medical journal published by the American Society of Hematology, and the most cited peer-reviewed publication in the field of hematology.

- Impact factor of 11.847 (2015)
- 158,083 citations (2015)

The journal covers all aspects of hematology, including disorders of leukocytes, both benign and malignant, erythrocytes, platelets, hemostatic mechanisms, vascular biology, immunology, and hematologic oncology. *Blood* welcomes reports across the full spectrum of clinical trials and from all countries of origin, from first-in-humans, phase 1 trials, to reports of phase 4 studies.

*Blood Advances* is a bi-monthly medical journal published by the American Society of Hematology.

It is the first journal to join the *Blood* family in 70 years and is a peer-reviewed, online only, open access journal. *Blood Advances* provides an international forum for the publication of original articles describing basic laboratory, translational, and clinical investigations in hematology. *Blood Advances* offers a unique focus on scholarly and educational content that complements and expands on topics beyond the scope addressed in *Blood*.

### Benefits of reprints and ePrints:

Aligns your product with the world's leading medical authors and thought leaders in the healthcare industry:

- Provides the opportunity to educate and access your target audience
- Reprints and ePrints can be customized, including options for journal covers and translations

Article reprints and ePrints continue to act as the cornerstone of communication between medical research and clinical practice. With over 40 years of market experience, Springer Healthcare has a reputation for providing independent and high-quality publications to help objectively disseminate powerful information about your products. Don't miss the opportunity to know the latest information being offered by ASH, sign up to [reprintswarehouse.com](http://reprintswarehouse.com) today to receive emails alerting you to *Blood* and *Blood Advances* clinical articles as soon as they are published!
